“ I am April's cousin. My mother and her mother were sisters. I mothers name was Agnes. My family took me to visit April and her family in Halifax on at least two or three occasions. April and I were the same age and I had great fun together. I also had a chance to speak with her when she was a receptionist for the Nova Scotia barristers Society. I wish I had pursued an opportunity to get to know her better, but life intervened, and that had not happened. But my memories are of a lively, spirited young girl, and those will be with me and I hope with her family forever.
