“ Duane and I trained together and he was my partner in swimming exercises. We also worked together in Sydney and Halifax. Our last adventure together was our troop’s 50th reunion, a lot of great memories. Always had that same grin from day one to 50 years later, remembered fondly. Please accept my condolences on the passing of a great guy.

“ I worked with Duane at the Halifax Stanfield Airport. He was my boss at times and co-worker at times but most of all he was my friend. He always had a smile on his face and always made me laugh, we had some good times while working together! He took myself and Ethel, who also worked with Daune, out on his sail boat a couple of times down in Chester, those were fun times! I hadn't seen Duane since our days at the airport but have thought of him often over the last few years. You will be missed.

“ Worked with Duane at YHZ . Always smiling and calm. We had many good chuckles as well as he could be counted on in emergency situations. After retirement we would get together for beer and wings. Still had that infectious smile. RIP .
