“ Aunt Gayle, you were such a loving and caring person. I loved when you and my mom would talk on the phone all the time about the books you were reading or the shows you were watching. I know you are up there smiling with my mom and your dad. Love you dearly.

“ Mom, you were so many things that I didn't expressed in your obituary, so many wonderful things I could never put into words. You were an amazing cook. Brian gave me a prime rib to cook in your honour, I will try to do it justice but no one could cook one like you. You were funny and loving and I will be forever grateful that you were my mom. I hope, I made you proud. Love you forever and always ☐
