“ *To Kenny's family
It's with sadness that I express these few words to you. I liked Kenny a lot. My first introduction to him was around 1976, 77 through my wife Peggy Fredericks. We were visiting Ralton and Beulah Johnson Peggy's uncle and aunt and it was during This time that Kenny took us out to see the tuna being fed. I was totally in awe of these big big fish they were all in a fish trap which was massive in size. I always was grateful to Kenny for doing that for us I'll never forget that day. Years later we would see each other at the meetings at the kingdom hall in HALIFAX and sometimes we would have a chat on the telephone I always enjoy speaking with him
As a family please be assured of our care and love during this sad time Benny and Peggy Isenor*

“ *This is Peggy Isenor (Fredericks). I think Benny already sent a message to you folks. But I just wanted to also send my warmest wishes and condolences to the whole family during this time of loss. Kenny was part of the ebb and flow of my life growing up in Indian Harbour with families of first cousins close by. I always felt there was a quiet kindness about him. Take care*
