“ My deepest condolences to her family. I met Leah when my mother was in the hospital. She was next to her and during Covid only one family could visit. She was so kind to my mother, I was so thankful. I would go to see mom and they would be sitting together like old friends. A beautiful person inside and out. 🙏.

*I re-connected with Leah a few years back, it was like we never missed a day after high school (35 years). She was always full of laughter, caring of others and her family.*

“ I want to extend my deepest condolences to Rochelle, her brother Jon, her three boys, and to all of Leah’s family and friends.

*This loss has hit especially hard, coming in the same week we gathered to celebrate our 40th high school reunion—a time filled with memories, laughter, and stories of the high school shenanigans we all shared.*

*We hadn’t seen each other in recent years, but I will always remember her smile and her laughter.*

*Rest in peace, my friend. You will be missed by many, as we continue to share stories of that unforgettable ’80s girl we’ll never forget.*

*My days are a lot darker now without Leah. I was first attracted to her in 1984 when she walked into Burger King, on her first day. That bubbly personality and warm beautiful smile caught my attention. We lost track of each other after graduation until I saw her info on social media in 2016. We reignited our relationship in January of 2017. We communicated daily and I spent time with her on an increasing frequency. We became very close together until again circumstances brought us apart 6 years later. She called me 'Ricky Doodle' and I called her 'Sunshine'. That's exactly what she was. Good days, bad days, she always had encouragement for me. We talked about growing old together, and I always thought we would. I really believed we were soulmates and would reconnect again. I feel loss without her, but I still hear her voice, and the smile on face. Leah, you were taken far too soon from your mom, brother Jon, Landon, Halen and Aiden. We will miss you forever, but you made the world a better place because of the hearts you have touched. Sleep well Sunshine, until we meet again.*
