“ I first met June in 2016 when I met and fell in love with her son Sam. I knew from the start that she was a sweet gentle soul. I loved when I would visit and she would take me in her room full of smiles and childlike wonder, to show me her dolls and pictures and all her new clothes. When it was time to go, there was always a hug and a kiss and promise to see you next time. All her trials are over now, I hope she is dancing with the angels until we see her next time. Mum, you will always be in my heart. Love you to the moon and back. Sandy

I was just informed today of my grandmothers passing and it would have been appropriate to be notified that she had passed. I would also like to add Reta June Pettipas had six surviving children Ronald, Bernard, Dwayne, sally, Samuel and Julie not to mention countless other grandchildren and great grandchildren.

It would have been Nice that the rest of the dead family that are alive were notified so we could have had the opportunity to pay and show our respects.
