“ I knew Terry from working at Mic Mac Blvd Kent Building Supplies. She was always smiling even if we were frustrated with a customer ect.

I felt no matter who you were Terry would always share a smile and go over the top to help you..as an employee or customer. She went out of her way to help me with my latest projects long after I had left KBS as an employee.

Terry will be truly missed.

“ My memories of Terry began at Kent at the Mic Mac Mall location. When I started there Terry work as the Kitchen department head which was next to plumbing where I began as a new Kent associate. Terry was fun and made my learning experience at Kent a lot easier. When ever I needed help Terry would immediately come to my rescue. We became good friends there helping each other out when needed. Terry was such an easy going person and it was such a pleasure to know such a wonderful person. She was loved by many at Kent and will be sadly missed by all. Fair winds and following seas Terry, Thank you for being you.

“ *My memories of Terry started when I first met her when she came to work at Kent. I found her to be friendly and she fit in with the rest of the crew very easily. I and several of the associates were at her swearing in to become a Canadian citizen. We were all very proud of her. Terry will always be rembered as one of the best. It has been hard for me to write this note and I hope that it will help you to know that she was liked as well as loved and will be remembered fondly....*
