

Trudy Charmaine Moore

November 15, 1946 - November 1, 2022

Trudy Moore passed away at home November 1st at a time of her choosing, surrounded by her nearest & dearest. Trudy is survived by her devoted sweetheart husband Bill, who will miss her beautiful smile and warm laughter. Her children Quentin (Rick & Bil), Dhru (Terri-Lynn), Sean, Taryn (Chantal) and pre-deceased by daughter Tara-Anne. Trudy is survived by sister Tammy. Trudy was loved by many grandchildren, Dillon, Matt, Brennan, Jullia, Layelle, Connor, Riddick, & Maddax. Trudy also shared an indelible bond with her 'sister cousins' Cheryl, Janice, Laurel, Judy & Alma. Trudy wore many hats throughout her lifetime, hairdresser, banquet hall, hotel & property manager. No hat was more important than the 30 plus years of council and guidance she shared with countless Friends of Bill W. Trudy had a full circle of people who admired and loved her for her incredibly sharp wit, generous spirit, warm hugs, bright smile & sparky blue eyes. Trudy loved to dance and sing and could carry a tune, although even those who loved her were not always sure where she took the tune to...nevertheless, joy was shared. To all that have reached out, your kindness has been a balm, never to be forgotten. Trudy leaves behind a legacy of resilience and compassion for those fortunate enough to have met her and, in lieu of flowers, asks people to perform random acts of kindness towards others, as she herself was inclined to do...

“ *My sincere condolences to Bill & the family. Trudy and I shared a wonderful friendship over the years. I will miss our conversations and Trudy's wonderful sense of humour and our shared memories while living on Edward Street with her mother Del Cruikshank and grandmother Irene Gillespie. I remember all her children on Edward Street and hearing about their growth and development over the years. Trudy was a wonderful mother and cared and spoke honestly with her friends and family. She was a very unique person and had considerable inner strength. Will miss you Trudy!Love, XXOO :)*

“ *Bill & Family.....such a beautiful soul. I only got to know Trudy through the cousins but was always invited for a visit when she was at Cheryl's, or she would drop down to my cottage. I enjoyed & loved her humour, her knowledge & beauty so much. She was a wonderful support to me when my son was going through a depression. Bill you will have some precious memories to guide you through this rough time, I know you have many friends & family to help you through and give you a hug when you need it.
She is at peace.
My sincerest loving thoughts to you all.
