“ *The first time I brought my spouse Tyler to Bass River, Vern was sitting at the kitchen table smoking a joint and insisted Tyler join him. He did and from that day on I knew he was a keeper. Vern was a good fella and I will miss him.*

“ Lewis Phinney remembers calling Vern from Edmonton asking him if he would come out and drive a Mercedes Benz he had just bought back to Nova Scotia. He flew him out to Edmonton and vern stayed a week. They had a great time. On the way back with Vern driving Lewis told him to slow down. Vern told him to get in the back seat and cover his head with a blanket. Lewis says he was his best friend and he will miss him.

“ I remember when I was about 14 Vernon came in the yard with his 383 4 speed Dodge and went in our house I want to see that big power plant so I opened the hood and could` t get it to shut so being scared I didn` t want to tell him so I got a 9/16 and adjusted it and it closed . May have closed without adjustment but didn` t want to make a noise . Never ever did tell him lol but that was a beautiful car back then .

Vernon and I were very close in the 70s ,He being my cousin. We spent a lot of time together with our families. We did a lot of hunting together, us both being truck drivers as we both drove dump trucks working under my Dad .We drank a few drinks of Govern General over the years.I moved away from the area in the early 80s and hadn't seen him since .I always had great memories with Vernon and will cherish our time together we had .Sending Hugs and keeping you all in my thoughts at this tough time . Love you all.
