

Yolande Eva Marie Gaudet

August 6, 1934 - January 18, 2024

The family of Yolande Eva Marie Gaudet (nee Cormier) age 89, are saddened to announce her passing on January 18, 2024. Heartbroken to lose her but ever so thankful that she is no longer suffering and is finally reunited with the love of her life. It is where she has wanted to be since dad's (Edgar Gaudet) passing in March of 2019. She lived independently in the apartment they shared since then, enjoying her visits and outings with her children Roland (Janet), Danny (Tammy), Norman (Arlene) and Janice (Allan, who passed in 2020). She also loved her visits with her grandchildren Michelle, Judy, Cory, Jenae and Jake. Great grandchildren Danielle, Michael, Olivia, Ryan and especially getting to meet her latest, Maddox, just a few short weeks before her passing. She loved children, especially babies. She helped to care for many over the years both family and many who weren't, but she lovingly became Nana very quickly to each one entrusted in her care. Another thing she loved was her bingo games as shown by the abundant number of bingo dobbers found in bags and boxes throughout her apartment. Her and dad were never far apart once he retired from the navy. They spent lots of time at Windsor Park and Stadacona for various functions, dances, dart games, bingos, whatever was going on. Always up for a good time and helping out with running many of the events over the years. Another joy they shared was going for drives. Whether it was around the city, province or "going home" to New Brunswick where they both were born. Sometimes these drives also took them across the border to Maine. A travel bag was never far from being ready

to go! She has been cremated, and the remains of both will be scattered at a future date. As per her wishes, a small celebration with family and friends held in February.

Tribute Wall

KG

“ *Our condolences to the family. Only met your mom a few times, she was a very dear sweet lady. Sending lots of love and hugs*
